

Chana Village

KOH SAMUI

Balinese elegance in a tropical setting

Welcome to Chana Village, a private residential estate of six identical villas, nestled in the heart of a preserved, calm, and natural environment, in the lush coconut grove of Na Mueang, in the south of Koh Samui.

Balinese architecture, the villas are designed as a tropical haven :

- raw and noble materials (travertine, wood)
- living spaces open to the outside
- harmonious connection between interior and exterior

The Balinese style is present in every detail : the central swimming pool, the outdoor sala, the play of shadows, the stone terraces, and the open-air lifestyle reflect a tropical art of living that is simple and warm

Each villa is built on one level, with a layout offering full privacy, in a peaceful and authentic green setting

Living Room

The villas of Chana Village are designed for peaceful tropical living, with well-thought-out interiors, quality finishes, and perfect integration into the natural environment
